HOW TO ADD A WEBSITE TO YOUR PHONE'S HOME SCREEN

Apple iPhone

Follow the instructions below for Apple devices.

1. Open the Safari app on your iPhone.
2. Go to the website you want to save.
3. Tap the Share button (the square icon with an arrow pointing up, or three dots depending on your layout).
4. Scroll down the menu and tap Add to Home Screen. If you do not see it, scroll to the bottom, tap Edit Actions, and add Add to Home Screen.
5. Type a name for the shortcut icon.
6. Tap Add in the top-right corner.

Android

Follow the instructions below for Android devices.

1. Open the Google Chrome app on your phone.
2. Go to the website you want to save.
3. Tap the three vertical dots in the top-right corner.
4. Tap Add to Home screen or Install and create shortcut (depending on your Chrome version).
5. Type a new name for the shortcut if you want, then tap Add or Install.
6. Tap Add Automatically, or press and hold the icon to drag it to your home screen.
