

24 HOUR FACILITY ACCESS

Policies & Requirements

Honor Code Policy – The YMCA has a strict honor code based on YMCA values of caring, honesty, respect, and responsibility. All fitness center policies will remain the same during 24-hour access. If members fail to abide by the policies established, their 24-hour access and their membership will be revoked without a refund.

Usage – As a member with 24-hour access, you may use the Fitness Center area of the YMCA at any time, **All other areas will be closed off except for the east lobby restrooms.** Once the staff leave the building, there will be no YMCA staff on hand to assist members. It is recommended that you bring your own water bottle as there will not be a water fountain available.

After Hour Rentals – From time to time the YMCA may rent out the YMCA for after hour rentals. During this time the fitness center and east lobby restrooms will still be the only thing accessible for 24-hour access even if other spaces are unlocked you will need to stay out of those areas. Even if the front door is unlocked you will still need to use your OpenPath app during these times and may also be asked to check in as you would during regular hours.

Age Requirements – Members aged 18 and above will be allowed in the facility during 24-hour access at any time. Members aged 12-17 may use the facility **before 9:00 P.M. and after 5:00 A.M. and must always be with a parent or legal guardian above the age of 18.** Members aged 12-17 will also not have bluetooth access via the OpenPath app and must be with their parent or legal guardian to enter the facility. Members who violate this policy may lose their membership privileges. All age restrictions for the fitness center are the same during 24-hour access.

Guest Policy – Day pass guests are only allowed in the YMCA during normal business hours when a YMCA staff member is on duty. No guests are allowed to utilize the 24-hour access area after business hours, as it is a program for members only.

Safety and Security – Please be aware that your access code is to be used only for your own entrance into the facility. Members with 24-hour access cannot grant access to others, even if they are known to you. This is done so the YMCA can track who is in the building at all times. **Granting access to another individual is grounds for immediate termination of membership.**

The YMCA has a 24-hour **video recording system for security purposes.** It will be reviewed to address any security concerns and monitor who is entering the building. Please note that this system does not provide staffing assistance for any emergency that might arise. A telephone is located at the Member Services desk and the Fitness Center desk in case of emergency. In the event of an emergency, immediately dial 911. There is an (AED) automated external defibrillator available outside the men's locker room. During non-business hours on heavy snow or ice days, snow or ice removal will not be in place until staff are present (later if there is a delay in operating hours). Members with 24-hour access can utilize the Fitness Center at their own risk. If the YMCA experiences a power outage 24-hour access will be unavailable during the power outage and until power has been restored and the building has been inspected by a licensed electrician.

Appropriate Use – 24-hour access is intended to provide members with expanded access to the facility to work on their fitness goals and should be used as such. Inappropriate use of the facility is grounds for termination of access and/or membership.

Access Code Entry Assistance – In the event that your access code does not work, please call the YMCA during normal operating hours for assistance. 24-hour members who are in the facility at the closing of business will be required to exit the facility while staff members lock the doors and then check in with their access code at the door to re-enter the facility as a 24-hour member.
